VOL. VI.

JASPER, MISSOURI, THURSDAY, AUGUST 18, 1904

NO. 49

BIG 4 WILL HANG

Don't it make the cold chills run down your spinal column when you hear of the wrong person being hung, or when you hear of the rope breaking? We are all ready to say it is a botch job. It is the same way with hanging your barn doors. If the hangers are not alright they will always give you trouble. We have put in stock the Big 4 Hangers. It is flexible and your door cannot jump the track. The hinge joint allow the door to swing out at any angle and crossbar holds frame in position and are sure to give satisfaction, just like the New Henney Buggy that has 38 inch springs, 115 screws in each bed, 15 springs in the seat and 14 coats of paint on the body and are known as the easiest riding and best wearing buggy on the market, and sure to give satisfaction. And while we are talking about good things let us not forget the Mandt wagon that has 14 spokes in each front wheel and 16 in each rear

wheel, dust proof axles, 7 braces on bottom of bed and best ironed wagon made, and it gives satisfaction, and they say it is good enough, and while we are talking about good enough things we cannot pass the Goodenough Plow, for it does the work good enough and runs lighter than any riding plow that has ever shown up in the field in Southwest Mo. So sayeth the Farmers. We know the Goodenough Plow does the work right, but that don't make your crop. You must get your wheat ground solid so when you sow your wheat and Fertilizer on it it won't wash away the first rain we have. When your ground is solid the fertilizer stays close to the wheat and as it dissolves the wheat absorbs it, but if your ground is loose the fertilizer gets so far away you never get the good out of it you should and there is a difference in fertilizers. Of course you expect us to say that Swift's is the best, and

you are right. If we thought any other brand beat Swift's we would go after it, but the fact is this—whenever you hear of a large yield of wheat they have always used Swift's Fertilizer. If you don't think so make it a point to ask about every large yield that you see in your paper. We are still taking orders for Swift's Pure Raw Bone Meal but we are limited on this and as soon as the amount set for us to sell is sold we will quit. Swift's Wheat Grower is our second best seller and you will notice the analysis of this is 2 to 3 times as strong as any other wheat grower on the market, and where the others only analyze 12 percent bone Swift's is 35 to 37 and price is only \$25 per ton in 100 lb sacks. Come give us your orders quick for we are going to make our delivery the last of the month and expect to give you a square meal as usual on Fertilizer day.

Empire Ceam Separators will make you Money

Your Humble Servants,

Webb Brothers.

Plenty of American Hog Fence

BARTON COUNTY SHOOTING

GEO. HESS AND WIFE VICTIMS OF FURDEROUS ASSAULT.

Mr. Hess in a Critical Condition—An Only Son Arrested On Suspicion.

Barton County is greatly wrought up over a mysterious shooting affair which occurred at the home of Geo. Hess, a well known farmer, living near Irwin. Early Sunday morning as Mr. Hess and his wife lay asleep, some person entered their house and standing without their room began shooting.

The wife was shot through the thigh and the husband through the right lung spring from the bed. The husband ran out of doors and attempted to leap a linked wire fence. His clothes caught and he would be mangled or something rapidly from the rear. The bullet passed through the man's body penetrating a lung. His condition is now serious.

After firing the second time at the husband the enemy made his escape. Geo. Hess, the only son of the victims was arrested Tuesday morning. Suspicion had rested on the young man from the beginning but no tangible evidence was found until Tuesday when the officers learned that a young man had purchased a revolver from a farmer here last Saturday which answered the description of the revolver which had done the shooting. The salesman who sold the revolver was taken to the Hess home and positively identified young Hess as the one to whom he sold the revolver. The young man was placed under arrest and the circumstances are decidedly against him. The only motive known for such an act on the part of young Hess would be to get possession of his father's property, the father being worth several thousand dollars.

Will Return To Oregon.

Messrs. Clay and Fred Fox returned Sunday morning from a visit with the sister Mrs. Gurley at Parry. They expect to leave the latter part of the week for the World's Fair and from there they will return to Oregon where Clay is head miller at a flour mill near La Grange and Fred has a school. Clay was a pleasant caller at the News Office Monday. He tells many interesting things about the northwest.

Please call and settle your account with R. L. Roberts & Son on or before the 1st of Sept 1904.

C. S. Bailey the implement man reports the sale of 5 buggies last week.

HOT SHOT FROM "FIFTH ANGEL"

Preachers and Churches Warmly Scored by Street Preacher.

Seldom have the preachers, the churches, and the church members in general received such a "skinning" as was given to them by a traveling preacher on the streets Tuesday evening. The stranger with his wife and son, travels in a one horse covered spring wagon. Inscribed on the side of the wagon was these words: "Gospel Wagon," "The Fifth Angel," "The First Woe."

The man whose name is Sharp claims to be the "Fifth Angel" and the "The First Woe," that is, he claims to be an angel and says that he did not listen to his teaching could never hope for repentance. This is what he means by the "first woe."

He scored the preachers and church members to a "fare you well" and made the astounding declaration that nine-tenths of the preachers in the penitentiary were preachers and members of churches.

W. E. Deamoff who was in the audience being unable to swallow such statements suggested to the man that he might as well move on, whereupon the "Angel" immediately consigned him to the bottomless pit, much to the amusement of the crowd.

EPEDEMIC OF ACCIDENTS.

A Number of Little Folks Receive Broken bones.

Henry, the two year old son of Mr. and Mrs. Overfelt, living 9 miles North-west of Jasper, was kicked by a horse last Saturday on his thigh and the bone was broken about two inches below head of femur. Dr. Schoeller was called and assisted by Dr. Gooding the bone was set and the limb placed in a fracture box. The little fellow is resting comfortably at this writing.

Harry, the 16 year old son of Mr. D. Leavell living 10 miles Northeast of Jasper fell from an oats stack Monday morning on a rail dislocating one bone at ankle and lacerating the ligaments very badly. Dr. Gooding reduced the dislocation and put the limb in a plaster cast where it will remain for 3 weeks.

The two year old child of Mr. and Mrs. Anna Sellers fell from a chair on Monday evening breaking its collar bone. Dr. Gooding attended the little one.

Lillie, the daughter of Mr. and Mrs. John Baumgartner, got her index finger injured on a hay fork and had to have it amputated last Wednesday morning. Dr. Gooding performed the operation.

Tie said a bottle and a glass Will make a person mellow, But Rocky Mountain Tea's the drink That lives up a fellow. J. K. Schoeller.

THE MYSTERY SOLVED.

STRANGE ACTIONS OF A COUPLE EXPLAINED.

Boarded at Jasper Hotel And Left Without Taking Their Baby.

A week or so ago a man and woman arrived in Jasper with a baby and put up at the Jasper hotel as Mr. and Mrs. Brown. They seemed to have no particular business and their actions indicated that there was something wrong.

Last Monday evening the man and woman left without notice leaving the baby at the hotel. Mrs. Hughes took charge of the child, which appeared to be almost starved, and yesterday Mabel Hughes took it to Joplin to the Children's home. From the developments at Joplin the mystery has been revealed.

From all appearance the man's name is Baker and the woman is not his wife but his wife's sister, and it is alleged that the child is her's. The man's wife is the superintendent of the Joplin children's home, but she has been separated from her husband for a year or more. According to the Joplin Globe the sister has been living with her at Joplin but accidentally she left the home and was absent several days at a time and during those periods it is supposed she was with Baker, as was the case during their stay in Jasper.

In the absence of Mrs. Baker from the home in Joplin Baker and the sister went to the home Tuesday night and while there was arrested on a charge of disturbance.

Baker made his appearance at the Jasper hotel last night, but being told that it would be best for him to skip he skipped, and he has not been seen since.

MRS DUNCAN DEAD.

Mother Of E. E. Hubbard Passed Away.

Mrs. Duncan, mother of Mrs. E. E. Hubbard, died at the home of her daughter 6 miles east of this city Monday morning.

The remains were taken to Nashville yesterday where the funeral services were conducted by a former pastor of the deceased Rev. J. C. Kirk, of Hannu. The interment was at the Nashville Cemetery.

This Beats Them All.

Ed Owens, who had out 50 acres of wheat on W. H. Ward's farm, threshed the other day and discovered that he had hid them all in the shade in the way of yield. From the 50 acres he got 1238 bushels. Twenty acres of the tract 27 1/2 bushels to the acre and the remainder made an average of 24 bushels.

An Ice Cream Supper.

The Ladies Aid and B. Y. P. U. of the Baptist Church will serve ice cream and cake in the Hendricks building next Saturday afternoon and night. Everybody invited.

Notice.

September 1st we want everybody to settle their account with us by cash or note. This is our custom to make a balance with every one September 1st and Jan'y 1st and we deal with you expecting a settlement then. We are a little timid about speaking to you about settling and prefer you to come in and see us but if you don't come we will sure have to speak to you. Don't forget the time, September 1st. Webb Bros.

I have a line of canned meats, Baked Turkey, Dressed Chicken, etc. Time for luncheon. O. W. Stratton.

ROUSSEAU-TABLER

Young Couple Married Saturday Night.

Mr. Chas. E. Rousseau, of Hannuville, Mo., and Miss Maud Tabler, of this city, were married at the home of the bride's father, Theodore Tabler on 31st street, at 10:30 o'clock Saturday night, Rev. W. T. Ferguson performing the ceremony. The wedding was to have taken place at 5:30 o'clock, but Mr. Rousseau who had gone to Carthage to get the train missed the wedding train and was compelled to drive through.

The ceremony was witnessed by only a few of the relatives and friends of the contracting parties, those present being Mrs. Frank Boots, Mrs. Ursula Tabler, Mrs. Wm. Tabler, Mrs. Beaty, Rev. and Mrs. Ferguson, Misses Ella Crandall and Ona Boots.

Mrs. Frank Boots entertained at dinner Sunday and Mrs. Tabler on Monday in honor of the young couple.

Mr. and Mrs. Rousseau left Tuesday evening for Hannuville where they will make their home. Mr. Rousseau being connected with the Star-Leader Publishing Co. at that place. They have the best wishes of their Jasper friends.

WEDDING SOUTHEAST OF TOWN

Geo. T. Benney And Mrs. Lahman Married.

Mr. George T. Benney and Mrs. Lury Lahman were married at the home of the bride 8 miles southeast of town Tuesday at high noon, Rev. W. T. Ferguson of this city officiating.

Mr. Benney is a well-to-do farmer living on Dryfork and the bride is the widow of the late Bud Lahman and owns a nice farm 1 mile east of the Mayflower school house. She is a sister to Mrs. Matilda Lawrence and Mrs. Frank Jones of this city.

Back From California.

Aden Kerney who has been in California for the past three years or more returned Tuesday and will visit his mother southeast of town for some time. His brother Chas. is still in California but expects to come home December 1. Otis Elowers, another well known young man of this vicinity is now at Fresno, Cal., where the Kerney boys have been located.

3 Cox. prs. Ladies, Slippers for sale below cost at Stratton's.

We want to sell a hundred Buggies at \$2 profit Bailey.

I would rather sell a hundred Buggies at \$2 profit than 10 at \$20 profit.—Bailey.

If you are going to buy a Gang for aulky plow I will make you a red hot price. Bailey.

Why ride in a steel tire Buggy when you can buy a rubber tire of Bailey at steel tire prices.

Two dollars profit on a Buggy looks bigger to me than fifteen dollars deen to some dealers. Bailey.

If you are not married to some other implement firm come in and let me give you some prices. Bailey.

If you can't make money raising wheat and oats you can by buying Implements Wagons and Buggies of Bailey.

Did you look at those Columbia Buggies at Bailey's? There is no better and the price—Well just come in and I'll tell you about it.

It is true the wheat and oats crop is bad, but you can save money by buying your implements, wagons and Buggies from Bailey.

Don't run off to Carthage or Lamar to buy a buggy and get skinned out of 10 or 15 dollars. Jasper is headquarters for Buggies now. Bailey will save you money.

Bridging them in

We like to do bridge work because it is so satisfactory to the one for whom we do it. We know the bridge work we do for you will be pleasing. We also make plates, of course, but bridge work is so much nicer. Let us examine your teeth.
